The prices of Mobile Homes:

Include: consumptions (electricity, gas, drinking water), bed sheets (just for more than 7 overnight stays), car and motorbike external park, final cleaning*.
Don't include: electricity air conditioning consumption, car and motorbike internal park or near the structure, extra person and pets, tourist tax.

*Final cleaning is included for structures reasonably cleaned at the end of the stay, on judgment of the Direction. On the contrary, or anyway in presence of pets, final cleaning is mandatory (for the price, please refer to the dedicated line in the price list).

**The air conditioner's consumption will be determined through the reading of the electricity meter, as the difference between the total consumption of the mobile home during the entire stay and 3.0 kWh per day (which represents the average consumption of our mobile homes).
